SIEMENS

euroset 2005 with repertory keys and speed dialing

You can now be connected to your nearest and dearest at the touch of a single button: the euroset 2005's integrated repertory key system saves you having to dial long numbers. Just press the key where the number is stored and you'll be connected in no time. After all, you have better things to do with your time than dial.

And this is what the euroset 2005 offers you:

- 3 repertory keys
- 10 speed dialing numbers
- Last number redial
- Saved last number redial
- Notebook function (storage of telephone number during the call)
- Manual pause
- Dual-tone ringer, volume adjustable in 2 steps (high, low)
- Mute
- Pulse or tone dialing, temporary switch-over possible
- Recall key (2 flash times switchable)
- Hearing aid compatibility conforming to CCITT P.37
- Wall mounting option

SIEMENS

euroset 2010 with a large memory capacity

Not everyone has the time and leisure to remember phone numbers. And having to constantly track down or look up the numbers you need can be very time-consuming. Time that could be better spent doing other things. How useful if you could rely on a phone that did the remembering for you. Well, the euroset 2010 can store up to 20 numbers that will be on hand whenever you need them.

And this is what the euroset 2010 offers you:

- 10 repertory keys (20 destinations on 2 levels)
- CLASS functions (pre-programmable, such as call forwarding, callback)
- Last number redial
- Electronic key lock
- Direct call (baby call)
- Notebook function (storage of telephone number during the call)
- Handset receiver volume control (2 steps)
- Manual pause
- Mute
- Dual-tone ringer with adjustable volume and frequency (3 steps each)
- Pulse or tone dialing, temporary switch-over possible
- Recall key (flash, 5 flash times pre-programmable)
- Hearing aid compatibility conforming to CCITT P.37
- Wall mounting option

SIEMENS

euroset 2015 with handsfree facility

Make yourself comfortable and keep your hands free while phoning: with the euroset 2015's handsfree facility you can simply put the handset down and carry on with your call.

But that's just one of this phone's many advantages:

- Handsfree talking/Open listening
- 20-digit numerical display with pictograms
- 16 repertory keys (32 destinations on 2 levels)
- CLASS functions (pre-programmable, such as call forwarding, callback)
- Last number redial (last 5 numbers)
- On-hook dialing (OHD)
- Visual ringer indication (LED)
- Electronic key lock
- Direct call (baby call)
- Call duration display
- Notebook function (storage of telephone number during the call)
- Handset receiver volume control (3 steps)
- Manual pause
- Mute (with/without melody)
- Triple-tone ringer, adjustable volume and tone sequence, with audible check
- Pulse or tone dialing, temporary switch-over possible
- Recall key (flash, 5 flash times pre-programmable)
- Hearing aid compatibility conforming to CCITT P.37

SIEMENS

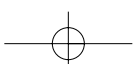

euroset
2020

A phone that gives you the most important information when it rings.

euroset 2020 with CLIP function

**Information and
Communications**

SIEMENS

euroset 2020 with CLIP function

Whether at home or at work, once you're used to the euroset 2020's CLIP function you won't want to be without it. The caller's number appears on the display, so you'll know who's calling as soon as the phone starts ringing. And that's not just practical; on occasions it will make it easier for you to decide if you want to take the call or not – whether a private or business call.

And this is what the euroset 2020 offers you:

- CLIP on-hook (display of caller's number if supported by the carrier)
- CLIP call list (10 entries), one-touch callback from call list
- Message waiting indication MWI (mailbox function)
- 20-digit numerical display with pictograms
- CLASS functions (pre-programmable, such as call forwarding, callback)
- 10 repertory keys (20 destinations on 2 levels)
- Time indication (24-hr mode)
- Last number redial
- Electronic key lock
- Call duration display
- Handset receiver volume control (2 steps)
- Manual pause
- Mute
- Triple-tone ringer, adjustable volume, tone sequence, and melody
- Pulse or tone dialing, temporary switch-over possible
- Recall key (flash, 5 flash times pre-programmable)
- Hearing aid compatibility conforming to CCITT P.37

SIEMENS

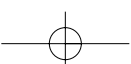

euroset
2020

Ein Telefon, das Ihnen schon beim Klingeln
das Wichtigste verrät.

Das euroset 2020 mit CLIP-Funktion

**Information and
Communications**

SIEMENS

Das euroset 2020 mit CLIP-Funktion

Ob zu Hause oder im Beruf, wenn man sich einmal an die CLIP-Funktion des eurosets 2020 gewöhnt hat, möchte man sie nicht mehr missen. Denn jetzt erkennen Sie schon beim Klingeln Ihres Telefons, wer dran ist. Dann nämlich erscheint auf dem Display die Telefonnummer des Anrufers. Und das ist nicht nur praktisch, sondern erleichtert Ihnen manchmal die Entscheidung, ob Sie das Gespräch annehmen wollen oder nicht – privat wie auch geschäftlich.

Und das alles bietet Ihnen das euroset 2020:

- CLIP-Funktion (Anzeige der Anrufernummer, wenn vom Netzbetreiber unterstützt)
- CLIP-Anrufliste (10 Einträge), Wahl aus Anrufliste
- Message waiting indication MWI (Briefkastenfunktion)
- 20-stelliges numerisches Display mit Piktogrammen
- CLASS-Funktionen (programmierbar, z. B. Anrufumleitung, Rückruf)
- 10 Zielwahltasten (20 Ziele auf 2 Ebenen)
- Anzeige der Uhrzeit (24-h-Modus)
- Wahlwiederholung
- Elektronisches Sperrschloss
- Gesprächsdaueranzeige
- Regelbare Hörerlautstärke (2-stufig)
- Manuelle Pause
- Stummschaltung
- Dreitonruf einstellbar in Lautstärke, Tonfolge und Melodie
- Wahlverfahren IWW/MFV, temporär umschaltbar
- Signaltaste (Flash, 5 Flashzeiten programmierbar)
- Hörgerätekompatibel nach CCITT P.37

SIEMENS

Un téléphone qui vous indique déjà
l'essentiel en sonnant.

**euroset 2020 avec présentation du
numéro de l'appelant**

euroset 2020

 Information and
Communications

SIEMENS

euroset 2020 avec présentation du numéro de l'appelant

A la maison comme au bureau, une fois que l'on s'est habitué à la fonction de présentation du numéro de l'euroset 2020, on ne peut plus s'en passer. Désormais, vous savez qui est à l'autre bout du fil lorsque votre téléphone sonne. Sur l'afficheur du poste apparaît en effet le nom de l'appelant. Non seulement c'est très pratique, mais cela vous permet de décider si vous souhaitez ou non prendre l'appel – pour un usage privé comme professionnel.

L'euroset 2020 vous propose les fonctionnalités suivantes :

- Présentation du numéro
(afficher le numéro de l'appelant – si ce service est supporté par l'opérateur du réseau)
- Liste des appelants (10 entrées), possibilité de numéroté à partir de cette liste
- Indication de message en attente (fonction Boîte aux lettres)
- Afficheur numérique à 20 caractères, avec pictogrammes
- Fonctions CLASS (programmables, p. ex. renvoi d'appel, double appel)
- 10 Touches de destination (20 destinations sur 2 niveaux)
- Affichage de l'heure (format 24 h)
- Répétition de la numérotation
- Verrouillage électronique
- Affichage de la durée de la communication
- Réglage du volume d'écoute du combiné (2 niveaux)
- Pause manuelle
- Touche Secret
- Sonnerie à trois tonalités, volume et mélodie réglables
- Modes de numérotation DC/FV, avec possibilité de commutation temporaire sur FV
- Touche Flashing (5 durées de flashing programmables)
- Compatibilité avec les aides auditives selon CCITT P.37
